

Valley Trailers

Presidents' Message

We hope that you all got through the holidays just fine. We went to our oldest son's home in Bullhead City, Arizona, after Christmas and came home New Year's Eve. We had a quiet New Year's Eve at home except for all the fireworks that went off around our house. Thanks to our son William we still have our house. He went outside for a smoke and saw that there was smoke rising by our back fence. Luckily he was able to put it out.

*Don & Renee Krall,
Presidents*

As you all know, we have many board members who do a wonderful job putting events and dances together. I am sorry to say that there are some who always have negative comments as to how things are being done.

Tidbits

We feel that if you think you can do it better, then by all means step up and take on the job. Next month, the nominating committee will be formed for the new board for 2018 to 2019. If you are contacted about taking on a role on the board, please give it serious thought.

We hope to see you at the Sweetheart Ball on February 11 to support our Sweethearts John and Anita Sheidenberger for their Day. We will also be going out to dinner afterwards back here in the Valley at Mimi's on Corbin Ave. in Northridge. See page 2 for details.

Yellow rocks to all and see you in a square soon,

**Don and Renee,
Presidents**

1

Our

Sweethearts

Every year the ASquared organization sponsors a Sweethearts Ball where each of the member clubs gets to recognize and honor a couple from their club whose involvement in and support of their club warrants such a distinction. This year our sweetheart couple is John and Anita Sheidenberger. They were selected by popular vote of the Valley Trailers' membership, and for those who attend our dances regularly, the reason is obvious. Anita is responsible for the refreshments at the dances, they both are heavily involved in doing the decorations for our theme dances and special events, Anita is the Club's secretary, and there are many more things they do for the Club that are behind the scenes and not visible to many. Congratulations John and Anita, and thanks for all you do! This is a well deserved recognition.

The Ball is on February 11 in Hawthorne, so mark your calendars, come to show your appreciation in person, and enjoy a fun dance in the process.

January 2018

Bob Mitchell, Editor

Caller Coordinator

*Bob Davis,
Caller Coordinator*

If anyone should ever ask you to name a caller who is well known for all that he or she has done for square dancing by making the activity joyful, exciting, and still keep a discipline for all to enjoy, I'd bet many of you would have to say that Charlie Robertson is the guy.

Charlie Robertson, Caller

Charlie has just recently re-located to Oklahoma, but

he and Kristi are well-traveled, so we haven't seen the last of them. As a matter of fact, he is due to be on our stage at Wilkinson Center on February 17th; to be sure he will have a lot to tell us that evening along with all the singing and calling.

The Valley Trailers have lost a fine class instructor, yet he left us with wonderful memories of his persona. We are planning to make this February dance an experience to make you feel really happy to be there. I'll be looking for you, so hugs to you all.

Bob Davis

Save the Date

Our next fundraiser will be on February 11 at Mimi's café on Nordhoff and Corbin in Northridge. This is the same day as the Sweetheart Ball, and the Club is planning to go here as a group for dinner after the dance, so this is a good opportunity to join us for a fun event. They will give us 20% of the receipts for all meals purchased after 2:30PM. Mark your calendars, and we will have more details coming out soon.

A big thank you to all the people I saw Monday night at Chi Chi's. I understand a lot of you were there during the daytime as well. I'll report on what we earned next month.

Sue Cohen

Club Member Drawing for January

Norm Hirsch's name was drawn in the Club member drawing at our January black light dance with Mike Hogan. He was presented with the pot of \$30 by Jaye Sedillo and Judie Goldstein. Norm no longer square dances but still attends the Club dances to support the Club financially. Karma has a great way of rewarding those who believe in helping others. The pot goes back to \$10 for the February dance with Charlie Robertson.

Board Meeting

**February 12, 7:30, at
Don & Renee's home.**

**All VT Members are
welcome.**

The Valley Trailers' January Dance

Roy Okada

"Thank you, thank you very much," a phrase immortalized by Elvis came to life at the Valley Trailers' black light dance at the Wilkinson Center on January 20. This dance was by far the most entertaining evening any square dancer could ever hope for. Caller Mike Hogan's singing performance highlighted an incredible experience for the 15 squares lucky enough to attend the kick-off of the Valley Trailers' 2018 Club dances.

The traditional thank you among the dancers in the square after a tip was extended to both Mike Hogan and cuer Cindy Mower at the conclusion of the evening. What

made it so special compared to other club dances was when Mike concluded his trademark impersonation of Elvis singing "Pink Cadillac," and the memorable thank you line at the end from a very appreciative audience.

There were 47 Valley Trailers members at the dance along with 36 Buckles & Bows members on their official club visitation. Their club presidents, Bill and Nancy Armstrong, have gone out of their way to support our Club dances as a thank you for the reciprocity between the two clubs.

Mike displayed his singing virtuosity by singing two songs, "That's Life" and "Blue Moon," that brought a rousing round of applause by everyone there who enjoyed his amazing talents. Fortunately, the Valley Trailers have invited Mike for an encore performance next year.

If you weren't there, you should talk to those who were and you will not regret marking your February, 2019 calendar for Mike Hogan from Nebraska. If you were there, then I'm sure you have already marked your calendars.

Roy Okada

Don't worry about what people think; they don't do it very often.

Photo by Sandy Okada

The 38th Annual Winter Festival took place over the weekend of January 19, 20, and 21 in King City, CA. Valley Trailers' participation was rather limited with only five couples seen there, but this is to be expected for a couple of reasons. For one thing, it always falls on the third weekend of January, which is also the time of our third Saturday dance. Another thing is that it is about a 240 mile drive from Northridge, which understandably discourages many from making the trip. However, those who did make it were rewarded with the skills of some excellent callers. The calling staff was made up of Jerry Story, who announced that this will be his last trip from Iowa to this event, Bob Baier from Texas who is the organizer of the event, Eric Henerlau, Michael Kellogg, and Tony Oxendine, an exceptional set of callers from all around the country. The staff for the round dancers was top notch also, consisting of our own Cinda and Milo, and Sharon and Casey Parker. Square dancing was available for Plus, Advanced, and Challenge-1 levels, but only one hall with a wood floor was available, and that went to the Advanced dancers, who apparently had the largest

number of dancers present.

Bob Baier, the organizer for the event, told one small group that this dance has lost money the last three or four years, and as a result he has had to cut back on some features of the weekend to limit his losses. Next year he plans to eliminate Challenge level dancing to help in this regard. The Challenge dancers were understandably disappointed to learn this, but since the maximum number of squares at any one time in their hall was four, it seems like a reasonable action to take. Four squares is hardly going to pay the rent for the additional hall. We didn't get a count on the overall attendance, but a guess of 30 squares would probably be in the ball park. However, it was clear that the future of this long-running and popular event is in jeopardy like so many others that used to draw large crowds of dancers.

Formulas for Success

Have you ever wondered why some square dance clubs are more successful than their nearby counterparts? The Valley Trailers is one of a select group of clubs that have created a formula for success through the years. Each of these clubs has its own unique methods of adding new members to maintain a stable roster.

In the July 2017 issue of Tidbits, the Duke City Singles & Doubles of Albuquerque, NM, were featured for their amazing growth rate each year. Last year, their graduating class produced 38 new club members. The largest square dance club in the US is the Hey Lollies of Houston, Texas. Their schedule of callers for their weekly Thursday night club dances features an impressive parade of some of the best callers in the country, and of course having caller Bob Baier in their organization would be a big plus for any club.

As a follow-up to the article on the success of the Ramblin' Rogues of Mission Viejo, their success comes from their approach to recruiting new students for the September enrollment period.

Throughout the year, club members will invite acquaintances to join the social club, aka the Ramblin' Rogues. Every month there are activities scheduled which have nothing to do with square dancing. But when September comes around, it's square dance time. The same could be said about the Trail Dusters. They acknowledge that they are essentially a social club with square dancing as an ancillary part of their activities. One cannot deny that their formula for success is a tribute to their Board that has parlayed this combination into what their club is today.

Speaking of clubs' boards, the Valley Trailers' year after year achievements are the result of the efforts of the devoted men and women who serve on the VT Board.

Roy Okada

"I think someone stole my identity.
I used to be a thin, energetic guy
with lots of hair!"

January Visitation

*Sue Cohen,
Visitation Chair*

An unusual event occurred at our visitation on January 13th. The dance opened with eight squares, and over two hours later, when the last call was called, there were still eight squares on the floor. Our visit to the Red Ribbons to help them celebrate their 67th anniversary was a huge success. Twenty-three Valley Trailers drove to Santa Monica -- this was their largest visitation group in recent times.

Hunter Keller was a good sport trying to cue the rounds and call for the squares while battling a speaker problem. It belongs to Pat Carnathan and it kept cutting out. But, like the Energizer Bunny, he kept up his calling, cueing, and even took the group photo. At one point, Hunter thought the interruptions from the speakers resembled some marriages!

The continuous refreshments included dolmas, shrimp, marinated chicken pieces, croissants, and rollups along with the usual veggies, chips, and hummus. Their anniversary cake was one of the most delicious cakes I've had in some time.

I spoke with Rosemary Walters, a 95 year old great dancer. She'll turn 96 in March and told me she recently had shoulder surgery. She proudly showed how she can raise her arm. She is a member of the Boots and Bows, whose class is in Torrance, but who dance in Redondo Beach. According to Ed Palmer, she was their club president around 10 years ago! We can all hope to be in her shape at that age. She is usually at the big dances held in Hawthorne. Look for her at the Sweetheart Ball.

The photo below shows our group that made the trek to Santa Monica.

Sue Cohen*

California State Square Dance Convention

Have you ever gone to a weekend long square dancing event? If yes, then you know that they can be a lot of fun. You can dance as much or as little as you want to several different callers, often at any level you choose. If you get bored, you can move to a higher level hall. If you get tired, you can always move to a lower level hall, or just sit out a couple of tips.

If you have never gone to one of these weekends, or even if you have, the California State Square Dance Convention coming up in April would be a good one to go to. It's in Yuba City, about 40 miles north of Sacramento, so it's going to be a bit of a drive from here, but you can always make a mini-vacation out of the trip, or you could carpool with some friends.

There are lots of touristy things to do in the area. The thing that makes this event different from some of the others is that this one has the best lineup of calling talent you're likely to find in one place for a long time. If you're up for the drive, a good time is guaranteed. See details in the box below.

Gail Koufax with her cousin Marvin Fishman, who is the chairman for the California State Square Dance Convention.

Editor Sez

*Bob Mitchell,
Editor*

Recently Dolva and I have been going to Orange County for the majority of our square dancing. It isn't very convenient because of the distance and the traffic, but we're both retired so have the time to do it; time will tell how long we keep it up. I haven't kept accurate records, but would estimate that we put something over 6,000 miles on the car, most of that on the 405 freeway, and paid about \$1,500 in dance fees from going there in 2017. And this is only for going to Orange County; the dances we went to in places such as Indio, Bakersfield, Los Baños, King City, and likely others that I am forgetting at the moment will increase those numbers quite a bit. But obviously we're enjoying it or we wouldn't keep doing it; we're off to King City again in a week.

At this point, it would be reasonable to ask what is so special about Orange Coun-

ty, why not dance here closer to home, and the answer is that the San Fernando Valley just doesn't offer the kind of dancing, nor the skill level of the dancers, that is available in OC. We have gotten involved a bit in some higher level dancing, and it isn't available here. The only higher level dancing instruction that I am aware of here is three or four one-square tape groups and Buddy Weaver's Wednesday night Advanced class and workshop, which seems to be quite well attended, but is rather low level Advanced dancing through no fault of Buddy's. And we often see members of the tape groups here also going to OC to dance.

So why isn't there more Advanced dancing here? The short answer is that I don't know. However, one contributing factor is that there aren't enough opportunities here now to dance the level to maintain a good degree of proficiency. The only higher level dances here that I am aware of are Buddy's fourth Fridays, Phantoms' second weekend, and the Valley Trailers' fifth Saturdays, and the latter two are doing very well if they can draw five squares. The Phantoms used to run a solid Advanced program, but have backed off from that now. I don't know if this is because the Phantoms' leadership directed this to help maintain the attendance level, or if it was a matter of the callers adjusting to the level of the floor. The

problem can't be a shortage of qualified callers; there are several in the relatively local area able to instruct and call at least through A2, and some into the Challenge levels. We see national level callers come to town from time to time to call for local Plus level dances, and they presumably could be scheduled for some higher level dances while they're here. We don't see them here very often, and I don't know how the finances work out, but they apparently do on occasion. I haven't ever looked for a place to hold dances, but considering the number of churches, schools, senior centers, and women's clubs there are in the area, it is hard to believe that a lack of suitable locations is a problem.

So if we have callers and places to dance, all that is left is the dancers. This certainly isn't a significant revelation, because it has been apparent for some time that dancer numbers are on the decline, but this is the crux of the problem. However, this still doesn't explain why the OC area has been able to maintain a viable, albeit not exactly thriving, advanced community, while it has not happened in the SFV. I would rather spend less time driving and less money on gas, and spend that time and money on dancing here at home, but

**Continued on
page 12**

**Continued from
page 11**

that seems unlikely to happen, so I'm just hoping that Jerry Brown doesn't add even more taxes to our gasoline.

**Bob Mitchell,
Editor**

A Square D Report

*Linda Kaplan,
A Square D Rep*

I hope you all enjoyed the Student Stomp. Thanks to all the angels who accompanied the students to our dance. ASD thanks all the clubs who brought refreshments, collected donations, and greeted our guests. Thanks to Valley Trailers for putting on the clothing sale and to the club members for helping. Special thanks to Renee Krall for all the hard work over the years for being guardian over the Valley Trailers' clothes. Thanks to all of our amazing callers and teachers who did a great job.

On Sunday, February 11th, ASD will celebrate each club's special couple who works tirelessly to help make our clubs fun and happy places with our 55th Sweetheart Ball at the Hawthorne Memorial Center in Hawthorne (3901 W. El Segundo Blvd.). Charlie Robertson and David Mee will be calling and Dawn Mee will be cuing. Rounds

from 1:30 to 2:00pm, then squares from 2:00-4:30PM. Hope to see you all there.

Mainstream Coordinators' Message

*Ethel and Danny Ball,
Mainstream Class
Coordinators*

We hope that all of you in our Mainstream class have been enjoying learning to Square Dance. We will be having a very special meeting after our regular class on February 20 at 8:30 p.m. at the Falafel Palace. In case you are not familiar with this restaurant, it is located at 9255 Reseda Blvd in Northridge. They have great food and are open until 10 p.m. We can share a meal and get a chance for us to talk and explain how ev-

everything works in our square dance organization. We encourage all of our Mainstream students to attend. We will be giving out a lot of information and it will be a great opportunity to get all of your questions answered. If you are having fun in our class, we would like to encourage you to think about inviting friends and family members to learn to square dance as well. Our new class will be starting up in March, so keep your friends posted and see if you can get them to give square dancing a try. As always, the first night is free to new dancers.

As you all know, we have had a little bit up an upset with our instructor on Tuesday night, as Charlie Robertson suddenly had to move out of state. We are very thankful that Vic Kaaria has been so accommodating and has stepped in to help us out. We know that Vic is a great caller and teacher and we are so glad that he is able and willing to help us out with our Tuesday night classes. Thank you, Vic!

**Ethel and Danny Ball,
Mainstream Class
Coordinators**

Plus Coordinator's Message

*Alan Epstein,
Plus Class Coordinator*

As everyone knows by now, Charlie Robertson has moved to Oklahoma because he received a "deal he could not refuse". We all wish him the best in his new home. I understand he may be returning periodically to call some of the dances, but not for teaching, in our area. I look forward to dancing with him again.

We are lucky to now have Vic Kaaria teaching our class. He comes from Redlands. It takes him about three hours to get to Wilkinson Center (in rush hour traffic) and about half that time to get home after class. I like his calling and his very friendly attitude. I do not know if he will be our regular Tuesday night caller, or if this is temporary.

Several of our Plus students have left the class for vari-

ous reasons. We now have six "official" Plus students in the class: Dorothy, Nancy, Judith, Bette Jo, Lorraine, and Sheldon. All are making progress. Since the class has completed learning all of the calls on the Plus roster, the time left will be put to good use in refining our dancing skills. Don't worry when making a mistake; we ALL do that. Part of learning involves quickly getting back into the routine and to keep on dancing, rather than stopping just because we've made a mistake.

I've mentioned several times before that if you are not at Wilkinson by 8:00 pm, I cannot promise that I will be able to assign an angel to you. However, it would be helpful to me if you could still notify me if you cannot make it to class as soon as you know that. (You know you do not have to give me a reason and I am not going to ask for one. Your reason is not my business). So, I would appreciate the call. My cell number is 818-621-5822. If I cannot answer it, please just leave me the message.

Again, as everyone now knows, it is official that Linda Kaplan and I are co-equal Plus Coordinators. I feel very fortunate to be working with her. She has a good eye for seeing and correcting any problems that may arise during the class. This is a definite benefit to all Valley Trailers dancers.

Let's rendezvous at the Wilkinson.

**Alan Epstein,
Plus Coordinator**
